NEWSLETTER

March 2019

Dear partners, supporters and friends,

Although the year 2019 is still young, we've already been quite busy. We started the year planning our upcoming activities and we are happy and grateful that our engagements in Egypt, Kyrgyzstan, Ukraine and the South Caucasus will continue. Furthermore, we have already implemented several activities with old and new partners in Germany, as well as in our target regions.

This newsletter is intended to give you an overview of our latest activities, so you can easily identify opportunities or possibilities for partnering up with us. If you are interested in closer cooperation between yourself, your organization and CRISP, please do not hesitate to get in touch with us.

We wish you good luck for the upcoming months and we are looking forward to seeing many of you in our upcoming activities.

Best regards from Berlin,
CRISP-Team
