

Newsletter

March 2017

*Dear partners, supporters and friends,
The following newsletter will give you some further insights to our work in 2017. In the past months, we have been planning a lot and have been working on several project-applications. As usual, we want to continue our efforts in those regions where we have been working already and at the same time, we start new activities, on new topics and in new regions.*

Furthermore, we are very happy to announce that the CRISP-Team is still growing. Since 1st of March we have a new colleague in our Berlin-Office.

In case you see any chance for closer cooperation between you, your organization and CRISP, please do not hesitate to get in touch with us.

*Best regards
CRISP-Team*
