October 2017

Dear partners, supporters and friends,

as usual we are reaching the peak of the year. The last weeks and the upcoming months are full of different activities. Currently we are implementing workshops in Morocco, Kiev and Berlin. Furthermore, we are planning our follow-up projects for 2018. More in this regard in the upcoming newsletters.

In this newsletter you find a short summary of our activities during the last three months. We welcomed a study group from Taiwan as well as our friends and interested persons at the Open-Door Day in our office. Also our project Maidan's Hidden Memories takes concrete shapes and our partners from Egypt came to Berlin, in order to deepen the relations with different donors regarding the continuation of the realization of the vision for Egypt 2025. Moreover, our engagement in Kyrgyzstan expanded significantly and by now we have reached several hundred young people there - together we work on strategies and concrete initiatives how to prevent religious extremism.
