

NEWSLETTER

December 2018

Dear partners, supporters and friends,

an eventful year has come to an end. After almost 10 years in our office at Weisstraße, we found a new home, and moved the CRISP-Headquarter to Tempelhof. In our new facilities the constantly growing team finally finds enough space for their ideas and projects.

During the last three months we finalized most of our projects for this year. In this newsletter you can therefore read about the final event in Cairo, the last round-table in Kyrgyzstan and the closure of our PCC program. Moreover, in October we have welcomed new interns from Nigeria, Moldova and Ukraine.

We are starting this year with scheduling new projects on different topics in our main target-regions as well as in other countries, which we have not pinned down on our map yet.

In case you see any chance for closer cooperation between you, your organization and CRISP, please do not hesitate to get in touch with us.

We wish you happy holidays, and for those who are celebrating Merry Christmas.

Best regards

CRISP-Team
